

High Voltage Capacitor Units

- **Applicable Standards**
 - ANSI/IEEE
 - NEMA
 - IEC
- **Single Phase Units**
 - 25 kVAR to 1000 kVAR
- **3 Phase units**
 - 300 kVAR and 400 kVAR
- **Voltage Range**
 - 2,400 Volts to 25,000 Volts
 - 50 Hz and 60 Hz
- **Lowest Reported Field Electrical Failure**
 - <.03%
- **Lowest Reported Field Leak Rate**
 - <.05%
- **For Increased Durability and Tolerance of Harmonics and Transients:**
 - **Low Stress & Heavy Duty Designs**
- **Only Manufacturer to Produce its Own Dielectric Film**
- **Multilingual Nameplates**
 - Available by Request
- **Largest US Supplier of Capacitor Units for:**
 - Series & Substation Banks
- **World's Largest Capacitor Manufacturing Facility**

The GE Film-Foil Capacitor

SUPERIOR COMPONENTS ASSURE LONGER MAINTENANCE FREE CAPACITOR LIFE

2,400Volts to 25,000Volts

25kVAR to 1000kVAR
